**RE: U. S. Environmental Protection Agency Final Approval of Land Ban Exemption
Modification for the Warner-Lambert Company Wells in Ottawa County, Michigan**

Dear Mr. Donohue:

The U.S. Environmental Protection Agency public noticed the draft land ban exemption modification for the three Warner-Lambert Company hazardous waste injection wells in Holland, Michigan on June 30, 2014. The 30-day public comment period ended July 31. We received no comments, so the modification will be issued as it was proposed. Since Warner-Lambert Company has provided a valid demonstration of no-migration of injected waste, EPA has approved this petition. We are taking the opportunity in this letter to serve notice to you that the EPA published its Final Decision in the Federal Register on September 24, 2014. A copy of the Final Decision is enclosed. This constitutes a final EPA action for which there is no Administrative Appeal. However, parties including you may appeal that final decision pursuant to the Administrative Procedure Act in a court of competent jurisdiction.

If you have any questions about this action, please contact Stephen Roy of my staff by telephone at (312) 886-6556 or by email to roy.stephen@epa.gov.

Sincerely,

Tinka G. Hyde
Director, Water Division
